**Dear Colleagues,**

On behalf of the European Airway Management Society (EAMS)'s Board of Directors, we would like to invite you to join us at the 2nd European Airway Congress, on December 5 - 7, 2013 in Istanbul, Turkey.

EAMS is a pan-European medical society founded in 2003 which exists to improve further education training and development in the management of the patients' airway by anaesthesia, critical care and emergency medicine healthcare providers.

The 1st European Airway Congress was held in Padova, Italy, some years ago, in 2005. There had been a number of advancement in the field of airway management within years and EAMS was able to reinforce clinical safety initiatives, supporting teaching through affiliated countries and introducing these topics within ESA, with the 19th Scientific Subcommittee (Airway Management).

We are convinced that discussing, training and learning new developments in the light of basic knowledge could increase the success rate of airway management and patient safety. EAMS Board of Directors decided to have the second congress to reach this goal in 10th anniversary year of EAMS foundation.

The airway management needs education combined with training and to cope with latest advanced technology, **"Education, Teaching & Training"** has been chosen as the motto of the congress.

The scientific program includes lecturers who are worldwide recognized opinion leaders and experts in airway management. They will also contribute to the Advanced Airway Management Workshop. Educational workshop to train the trainers will take place to guide and standardize the tutors. You can meet the experts to discuss core topics in round table sessions.

The star of the congress is Istanbul, a unique and exotic city where two continents meet. You will inspire history and beauty in a harmony. The Romans, Byzantines and the Ottomans, three major empires had ruled the world from this city in the past.

The venue is a historical building, Military Museum and Cultural Center, in the center of the city.

Save the dates, December 5 - 7, 2013, and plan to attend the congress in Istanbul. We kindly invite you to visit website [www.eac2013.org](http://www.eac2013.org) to follow live updates of the 2nd European Airway Congress.

Looking forward to see you all in Istanbul.

**Kamil TOKER, MD PhD**  
Congress Chairman

**Flavia Petrini, MD PhD**  
EAMS President

Meet the Experts round - table discussion (each)**				50 €		
Farewell Party				100 €		
Welcome Reception				Free to registered delegates		

EAMS - European Airway Management Society  
SAM - Society for Airway Management  
AM WS - Airway Management Workshop

DAS - Difficult Airway Society  
TARD - Turkish Society of Anaesthesiology and Reanimation

# Limited with 60 participants.

## Limited with 40 participants.

\* will be held in Turkish, limited with 60 participants.

\*\* Limited with 10 participants for each table.

REGISTRATION MODULE WILL BE AVAILABLE FROM MAY 1 TO DECEMBER 1, 2013.

## ABSTRACT SUBMISSION

Abstracts regarding airway management are welcome to be presented in EAC2013.

Abstracts should be written in English as simply as possible without language mistakes and can be read easily. Each blinded abstract will be judged by three reviewers. Submission of abstracts by mail, fax or e-mail will not be accepted.

**Abstract must be submitted online**  
[www.eac2013.org](http://www.eac2013.org)

**The submission module will be available**  
**from July 1, to October 15, 2013**

Further rules and guidelines will be made available at [www.eac2013.org](http://www.eac2013.org).

Acceptance or rejection of reviewed abstracts will be advised through the website of the congress with the presentation schedule of accepted abstracts.

## HOST CITY ISTANBUL

ISTANBUL, where the two continents meet has been a favored destination for congresses, conferences, business meeting. The city is like an open air museum, containing the historical treasures of the three great civilizations; East Roman, Byzantine and Ottoman Empires.

The average flying time to Istanbul is only between 2 - 3 hours from all major cities of Middle East Europe, North Africa; it is 10-11 hours from New York and 12-13 hours from Tokyo.

The congress venue is a historical building "Military Museum and Cultural Center" in the city center.
